<i>Zinnia elegans</i>	Zinnia (various)	4" square 4.5" round	\$1.15/15 \$1.50/8

INEVITABLE

Please note:

We are gradually building up our flower, houseplant, tree, and shrub inventory! We take custom orders at any time, with **no minimum order requirements** for plant propagation. We also have a **tissue culture lab** to clone plants. Unlike most TC labs, we operate in the U.S. so there is no need for additional phytosanitary license costs that are ultimately passed onto you.

This list is our **current seed inventory**. It does not necessarily represent what we have in stock for sale. There is a **3-8 week lead time** for flowers, but we may have them in stock already. Please ask us!

We are also happy to grow plants not on this list, as long as they are **not invasive**.

*Cost for propagation includes flat, substrate, fertilizer, & labor

*Transplanting into larger pots is an optional service we can provide

*This list does not include what we are producing via tissue culture and traditional division cuttings. Please specifically request that information.

Inevitable Technology 2024
